If printed with no 'Page Scaling' the badges above should print actual size.
To confirm, check the scale of the printed ruler against a physical ruler.

Our name badges come with a choice of three fittings for greater flexibility, allowing you to choose the most suitable attachment method for your particular application.

Magnet Fitting

Designed to eliminate any damage to your shirt or clothing and to attach to almost anywhere, the magnetic fitting is the quickest and easiest fitting for your badge. Warning, magnetic fittings should not be used if the wearer may be exposed to any sensitive medical devices.

Pin Fitting

This fitting is a durable metal pin contained within a plastic jacket set into the badge via sonic welding. Complimentary with almost all badge purchases, the pin fitting is the simplest choice.

(Not available on Executive)

Combi-Clip Fitting

The true swiss army knife of the fitting world, the combi clip has both a standard safety pin fitting merged with a durable and secure alligator clip.

(Not available on 2 ½" x 9/16" and 2 15/16" x 3/4" Prestige or Executive)

Our online design engine allows everyone to quickly and easily design a name badge. Whether you're a graphic designer or someone with little to no design experience, everyone can make a great looking badge in minutes.

- Design your first badge online
- Type or upload your list of names and titles (where applicable)
- Pay for your order online quickly and securely
- We'll do the rest!

For peace of mind, every badge ordered using our online design tool is checked by one of our graphic designers to make sure all text is aligned correctly and images are of a suitable resolution.
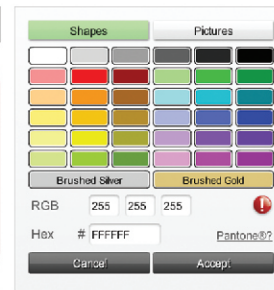

The imagery and designs used in this brochure are intended to demonstrate the effects that can be achieved with our products and not to imply that the designs or products have been supplied to or endorsed by their owners.
